

# Mudassir Shaikh

## MERN Developer

📍 Mumbai, Maharashtra ✉️ [mudassirshaikh6432@gmail.com](mailto:mudassirshaikh6432@gmail.com) ☎️ +91 8928519499

🌐 <https://github.com/Mudassir0616>

### About

A developer specializing in Full-Stack environment, mostly working with React for developing web apps. Using JavaScript, Express.js, MongoDB, Redux, Rest API, Material-UI, etc...

### Projects I've Built

#### Memories

Visit [↗](#)

A full-stack MERN app where you can create memories with your friends & family, with authentication & authorization using JWT and Google auth...

<https://github.com/Mudassir0616/MERN>

<https://memories1916.netlify.app/>

#### CryptoVerse ( React.js, Redux-Toolkit, Ant Design )

Visit [↗](#)

You can find information on any Crypto coin you want. This project is built with Redux-Toolkit and the JSX is designed using Ant Design. You can visit the website from above and check out the code on my GitHub (

<https://github.com/Mudassir0616/CryptoVerse> )

#### My Fitness ( React.Js, Material-UI )

Open [↗](#)

A fitness website in which you can choose any exercise you want and also watch a tutorial on how to perform it.

The API call for this project is from ( <https://rapidapi.com/hub> ) and the UI is built with Material-UI. There are many functionalities in this project such as ' you can search any exercise you want and if you like that exercise you can click the exercise card it will ROUTE you to a different page called "details", there you can watch youtube video tutorials '. The site has also been Deployed using Netlify.com.

You can check it out here ( <https://incline-fitness.netlify.app/> )

#### Menu App (React. Js)

Open [↗](#)

This is my First React project. In here I've used **Async** function to call API data of Food items. There is a search Input & a Button built with `useState()` & `useEffect()` method, in which you can search for recipes. I've used Hooks and Functional Components..

## Skills

### Primary

*JavaScript, React.JS, Node.JS*

### Things I know

*Express.js, MongoDB, Redux, Rest API, Ant Design, Material-UI, Bootstrap, HTML5, CSS, etc....*

## Education

2018 – 2020

MUMBAI, India

### Higher secondary education (HSC)

*Maharashtra state board*

## Languages

- English, Hindi, Urdu
